Certifications | Internships

Geekster | Geekster Full Stack Web Development Bootcamp

- Solved 400+ DSA/Coding questions on Hackerrank and Leetcode.
- Participated in various Geekathons organised by the platform.
- Worked on various projects like **Food delivery App, Online streaming Application, Figma clone etc.**
- Technical Stack Learned: **HTML, CSS, JAVASCRIPT, JAVA, REACT, REDUX, FIGMA, NODE JS etc.**

Bharat Intern | Full Stack Web Development Virtual Internship

- Created Various web Application like Blog Website ([BlogG](#)) and a RealTime Application([Tasker](#)).
- Blog Application where user can share their thoughts and information.
- Realtime Application, which helps user to assign task in Realtime, with full authentication etc.
- Technical Stack Learned: **HTML, CSS, JAVASCRIPT, NODE JS, Express, Socket IO, MongoDB etc.**

Projects

Online streaming Application: [WatchX](#)

- "WatchX" is an online streaming application built using React and Redux Toolkit, providing users with a seamless and engaging platform to explore and stream their favourite movies and TV shows.
- Dynamic UI components for user-friendly experience. Real-time data sync with TMDB Api, Dynamic routing, similar movie/tv section, filtering based on movie and tv show etc.
- Tech Stack: Html, CSS, **React, Redux, Axios** etc.

Food Delivery Application: [FastFood](#)

- Overview: Developed using React, this project is a food delivery app like Zomato Swiggy.
- Key Features: Fully responsive UI, Seamless State Management with Context API, Dynamic UI component, Optimized Performance and Scalability.
- Tech Stack: Html, CSS, **React, Context Api** etc.

Skills

- **Computer Language:** Java, Javascript
- **Frameworks / Libraries:** ReactJS, NodeJs, ExpressJS, Tailwind, Redux, MongoDB
- **Tools & Technologies :** GIT & Github, VS code, Firebase

Education

Year	Degree/Examination	Institution/ Board	CGPA/Percentage
2022	B. Tech	GLA University, Mathura	7.49
2018	12th	CBSE	68%
2016	10th	CBSE	9.4 CGPA

Achievements and Co-Curricular Activities

Summer internship at Netcamp Solutions Private Limited

- Learned and understood about various practices in the Web Development, Android App development and Network Management technologies.
- Created various android apps like calculator, Wi-Fi apk, authentication app using java with firebase authentication.
- Learned about Network Management.
- Learned about Web development using xamp server and php and frontend technologies like html CSS JavaScript
